

Krishna Gupta

 +91 9868264959 |  Krishnagupta0405@gmail.com |  [Portfolio](#) |  [LinkedIn](#) |  [Twitter](#)

Summary:

I am full-stack developer skilled in JavaScript, React.js, Node.js, and Python. Currently specializing in AI, web scraping, DSA. Built multiple projects, including AI-powered tools, web applications, and Machine Learning models.

Technical Skills:

- **Frontend:** React.js, JavaScript, Streamlit.py
- **Backend:** Node.js, Express.js, JavaScript
- **Software & Tools:** Microsoft Excel, Microsoft PowerPoint, Microsoft Word
- **Programming Languages:** Python, C++
- **Database:** MySQL, MongoDB

Projects:

[\[Link\]](#) **AI Web Scraper** – AI-Powered Web Scraping Tool

Tech Stack: Python, Streamlit, Selenium, BeautifulSoup, Ollama (especially Llama 3.2)

- Developed a Streamlit-based website to extract information from web pages and then processing the data using AI models.
- Integrated Selenium & BeautifulSoup for web scraping and processed data with Llama 3.2 for intelligent extraction.
- Deployed locally with Streamlit and optimized AI model execution using Ollama for enhanced result's.

[\[Link\]](#) **AI Project's** –

Libraries used: Matplotlib, Panda, Numpy, Sklearn, etc

1. [\[LINK\]](#) House Price prediction using XGBoost
2. [\[LINK\]](#) Movie Recommendation system using Cosine similarity function
3. [\[LINK\]](#) Diabetes Prediction using Support Vector Machine (SVM) i.e. Regression
4. [\[LINK\]](#) Rock vs. Mine prediction using Logistic Regression i.e. Classification

More coming soon...

[\[Link\]](#) **NewsMonkey (News Fetcher Web-Application)**– Front End integration with [NewsAPI.org](#)'s API

Tech Stack: Nodejs, React.js, Bootstrap

- Frontend Development using React.js for creating interactive, user interface
- Made use of External API (NEWSAPI.org) to make API calls though CDN
- Deployment: used Netli-Fy to host News Monkey Web-Application (Github can also be used)

[\[Link\]](#) **iNoteBook– Task Monitoring System**

Tech Stack: Nodejs, Express.js, React.js, Bootstrap, MongoDB

- Frontend Development using React.js for creating interactive, intuitive and responsive user interfaces.
- Backend Development build using Node.js and Express.js to handle API integrations and database operations
- Database Management utilized MongoDB as the database to store and manage notes information and user data
- User authentication: Implemented user authentication and user authorization using Bcrypt.js, Sessions and JWT.

[\[Link\]](#) **Arohana** – The Annual Cultural Festival of [PGDAV\(M\) College](#), Delhi University

Tech Stack: Nodejs, Express.js, React.js, Chakra UI, Aceternity UI.

- For this project I was assigned to develop frontend Pages- [Home](#), [TimeLine](#), [Teams](#) were developed by me Solely

[\[Link\]](#) **Parikalan Website (College society)** – *Personal project, Not deployed officially* 😊

Tech Stack: Nodejs, Express.js, React.js, Tailwind CSS, Aceternity UI

- Frontend Development using React.js for creating interactive, intuitive and responsive user interfaces.
- Deployment: hosted from GitHub with use of Netlify [\[Link\]](#)

[\[Link\]](#) **Market Analysis Presentation – Comparative Study of Coke vs. Pepsi**

Tech Stack: Microsoft PowerPoint

- Developed an engaging PowerPoint comparing Coca-Cola & Pepsi, integrating detailed market analysis & consumer research.
- Highlighted differences in branding, marketing strategies, & consumer preferences using comprehensive comparative analysis.

Experience:

- **Parikalan- Computer Science society of P.G.D.A.V. (M) College** - [2024 – Current]

Being the member of TechWhiz (Tech Society at P.G.D.A.V.), I contributed at development of frontend of Arohana cultural fest website of P.G.D.A.V. (M) College. Gained hands-on experience with UI libraries, Postman for API testing, and CDN networks for content delivery optimization.

- **IYD Hackathon 2025** – [Current Ongoing]

Statement -> Working of LLM on Valmiki Ramayana Fact-Checking using web scraping & Open Source LLMs to verify statements' accuracy. Competing based on response accuracy for 100 test cases, Work assigned to me ->

- 🔧 To scrape 24,000 shlokas from Valmiki Ramayan using web scraping from Website such as IIT Kharagpur's website and GitHub repositories, compiling them into a structured JSON file, for which I wrote a Streamlit code, using selenium, BeautifulSoup, Lxml
- 🔧 Developing an interactive 3D web experience using Three.js, featuring models of Ramji & Sitaji, with a story-mode format having 3D Models for enhanced engagement.

- **Smart India Hackathon (SIH) 2024 – Problem Statement 189**

Selected "Gamification of Anti-Doping Information" for the Ministry of Youth Affairs and Sports. Created "DOPEX" an engaging website, including statistical graphs to educate young athletes on anti-doping regulations through interactive gamification techniques. PS: SIH1722.

- **Smart Delhi Ideathon 2025**

Developed an AI & ML-based solution for "Achieving Zero Waste: Segregation at Source" to enhance waste management efficiency, promote sustainability, and minimize landfill waste. [Certificate]

Achievements:

- **Academic Excellence** –

Secured 2nd position in first year of bachelor (1st year), rewarded with ₹4000 of Sh. Satish R Khosla scholarship and ₹900 in cheques from college.

Currently Working on:

1. DSA – { [LeetCode](#), [GFG](#) } → Github [Daily Practicing](#)
2. Deep Learning- Stock Market Price detection using Recurrent Neural Networks (R.N.N.)
3. [\[LINK\]](#) Flappy Bird- Rather than just usual Flappy bird, I am working to make this game more interesting by including mode such as powerups, race mode with friends as well as with A.I. (For A.I. I'll be using NEAT), may have business opportunities in future...

Certificates earned:

- Microsoft Excel- Beginners to Advanced [[Link](#)] – July 11, 2023
- Machine Learning A-Z [[LINK](#)] – Feb 2, 2025
- Microsoft AI skill challenges [[Link](#)] - learnt types of AI Models, python libraries- Panda, NumPy, Matplotlib. – Aug 2023
- Tata ion Career Edge- Young Professional [[Link](#)] – July 29, 2023
- Ethical Hacking from scratch [[LINK](#)] – June 20, 2023

Education:

- **Delhi University** | Bachelor's degree in Computer Science | July 2023 – Present
- **Air Force Se. Sec. School**, Race Course, New Delhi | C.B.S.E. Class – 12 | CGPA- 80.1% | May 2022 – May 2023
- **Air Force Se. Sec. School**, Race Course, New Delhi | C.B.S.E. Class – 10 | CGPA- 87.5% | May 2020 – May 2021
